Results of Financial Activities for the Year

The results for the year ended 31st December 2015 are set out on pages 8 to 10.

The total incoming resources reported for the year ended 31st December 2015 are €2,414,113 compared with €1,950,993 in the previous period. This represents an increase in total incoming resources year on year of €463,120 or 24% during what was a very challenging year for the Not-for-Profit sector in Ireland.

Income from Donations and Legacies grew by 49% from €599,581 to €892,878 whilst Income from our Fundraising Activities increased by 13% from €1,347,495 to €1,517,213.

These figures reflect the Foundation's ongoing investment in the recruitment of regular donors and the decision to grow our fundraising team to meet the demands for funds being placed on the Foundation.

We acknowledge with appreciation the commitment and dedication of our staff and volunteers. Our staff members receive a salary that fairly reflects their value to the organisation. In order to achieve our vision and mission and meet the ever increasing demands for funding, we need to recruit and retain high calibre staff at the market rate. We are committed to the continuing professional development of our staff and we allocate resources annually towards a training and development programme. Management and Administration costs increased by just under 3%.

In the year ended 31st December 2015, we allocated €774,713 towards Charitable Activities compared with €562,071 in the previous period, an increase of 38% in funding.

We held €1,480,190 in Restricted Funds. Our Restricted Funds are funds which are earmarked for ongoing projects in the Hospital including the planned Cancer CARE Centre as well as funds that we hold on behalf of wards and departments for future needs.

Our allocations to Charitable Activities in 2015 included grants to areas such as Dementia Care of €131,850, Gastroenterology €223,114, Urology €110,337, Heart and Stroke €68,430, St. Therese's Medical Oncology Unit €48,779 and €43,505 towards our Kids + Teens Appeal.

In 2015 we continued our long standing commitment to support the Urology Department and in particular, the Rapid Access Men's Health Clinic. During 2015 we allocated €110,337 in funding which included support for a specialist nurse in the Rapid Access Clinic as well as cystoscopes and Information Packs for men diagnosed with Prostate Cancer. We also continued to deliver our Testicular Cancer Awareness Outreach Programme in schools across Munster.

We continued to help our youngest patients by part funding the POONS Project. The Paediatric Oncology Outreach Nursing Service is a mobile nursing service which enables children being treated for cancer to be treated in their own homes. We also funded iPads to be used across the hospital in areas where children are being treated as well as the POONS service for Distraction Therapy to reduce a child anxieties and fears during a procedure.

With the continued support of GENIO we allocated €131,850 to help the hospital to make changes and improvements to reduce the challenges and obstacles that patients with Dementia face when in the Hospital. Our aim is to support the hospital as it moves towards becoming a Dementia Friendly Hospital.

3. PRINCIPAL RISKS AND UNCERTAINTIES

The Directors have identified that the key risks and uncertainties the Foundation faces.

The two main risk issues for the Foundation are:

- Financial The company's revenues are dependent on the prevailing economic climate and as such may be subject to fluctuations as the economy grows or contracts.
- External Risks The company's fundraising activities require it to interact with persons and organisations who are not directly under its control which increases the risk of reputational damage.

The Foundation mitigates these risks by continually monitoring the level of activity and by preparing and monitoring its budgets, targets and projections. The Foundation has a policy of maintaining cash reserves. The Foundation also closely monitors emerging changes to regulations and legislation on an on-going basis.

Internal control risks are minimised by the implementation of procedures for authorisation of all transactions and projects. Procedures are in place to ensure compliance with health and safety of staff and volunteers.

4. IMPORTANT EVENTS SINCE THE YEAR END

There were no significant events affecting the company since the end of the accounting period.

5. FUTURE PLANS IN THE BUSINESS

We are now in the final year of our 2014-2017 campaign to raise €3million to help the Hospital and its staff tackle Ireland's biggest killers - cancer, heart disease and stroke. During this campaign we have also continued to support our youngest patients through the Mercy Kids + Teens Appeal.

During 2016 we will focus on supporting the following projects as we develop our plans for the Foundation from 2017 onwards.

Cancer: In the area of Cancer, we will continue to fundraise towards the capital costs to develop the new Mercy Cancer CARE Centre and we will provide funding to support areas such as Medical Oncology, Urology and the ongoing Tumour Genetics Study for patients diagnosed with Bowel Cancer with grants in excess of €374,000.

During 2016 and 2017 we aim to raise the ϵ 500,000 we committed towards a Fluoroscopy (X-ray) unit for the new Regional Centre for Gastroenterology for Cork and Kerry. This equipment will assist doctors in staging, treating and palliating patients with tumours in their oesophagus, stomach, bowel, pancreas and liver and allows local endoscopic pain relief procedures in patients with advanced cancer.

Stroke: We aim to provide $\[mathebox{\ensuremath{$\epsilon$}}\]$ 20,000 to fund essential equipment for both the diagnosis and treatment of stroke as well as resources for our Speech & Language Therapy, Occupational Therapy and Physiotherapy staff who work with stroke patients.

Notes to the Financial Statements For the Year Ended 31st December, 2015

1. Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of Preparation

The Financial Statements have been prepared on the going concern basis, under the historical cost convention and comply with the financial reporting standards of the Financial Reporting Council, and promulgated by Chartered Accountants Ireland, and the Companies Act 2014.

This is the first set of financial statements prepared by Mercy University Hospital Cork Foundation in accordance with accounting standards issued by the Financial Reporting Council, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS102"). The company transitioned from previously extant Irish and UK GAAP to FRS 102 as at 1st January, 2015. An explanation of how transition to FRS 102 has affected the reported financial position and financial position is given in Note 13.

Income

In common with many similar charity organisations, the company derives a proportion of its income from donations and fund raising activities held by individuals or parties outside the control of the company. Accordingly, incoming resources are recognised only when realised in the form of cash or other assets, the ultimate cash realisation of which can be reliably measured and assessed with reasonable certainty. Income from raffles or other such projects are accumulated and recorded as income at the time the project is completed. The income from these projects is recorded as deferred income until the accounting period in which the project is completed.

In the case of income receivable by the way of donations, gifts and bequests, income is recognised when the donation is entered into the Foundation's accounting system. Fund-raising income is shown gross without deduction of any overhead costs involved in raising such funds. Income is treated as being general and unrestricted, unless a donor has specified the manner in which the donation is to be spent, in which case it is treated as restricted income and used solely for the purpose intended.

Expenditure

Expenditure on fundraising activities is recorded as expenditure when it is incurred except for expenditure in respect of raffles or other such projects which is accumulated and recorded as expenditure in the accounting period in which the project is completed. In similar fashion front ended costs specifically incurred in relation to certain ongoing fundraising activities are deferred when their recoverability can be assessed with reasonable certainty.

Expenditure in respect of management and administration costs is written off on a time basis as and when incurred.

Employee Benefits

The company provides a range of benefits to employees including paid holiday arrangements and defined contribution pension plans. Short-term benefits, including holiday pay are recognised as an expense in the period in which the service is received.

The company operates a defined contribution plan. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate fund. Under defined contribution plans, the company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

For defined contribution plans, the company pays contributions to privately administered pension plans on a contracted or voluntary basis. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expenses when they are due.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand deposits and short-term highly liquid investments.

Notes to the Financial Statements - Continued For the Year Ended 31st December, 2015

1. Accounting Policies (Continued)

Creditors and Accruals

Creditors and accruals are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Tangible fixed assets and depreciation

Fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected life, as follows:

Fixtures & fittings 20% Straight Line Computer equipment 33.3% Straight Line

Operating Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease.

Notes to the Financial Statements - Continued For the Year Ended 31st December, 2015

2. General Information

The company was incorporated on 27th February 2007 under the Companies Act 1963. It is limited by guarantee and does not have share capital. The objects of the company are charitable in nature and it has established charitable status (Registered Charity No: 20065225).

Taxation

No charge to taxation arises as the company has been granted exemption under Section 207 of the Taxes Consolidation Act 1997.

Statement of Compliance

The financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in The UK and Republic of Ireland" (FRS 102). These are the first statements that comply with FRS 102.

Currency

The financial statements have been presented in Euro (\in) which is also the functional and presentation currency of the company and is denoted by the symbol " \in ". Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

3. Critical Accounting Judgements and Estimates

The preparation of these financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

Judgements and estimates are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

$(a) \ Establishing \ useful \ economic \ lives for \ depreciation \ purposes \ of \ tangible \ fixed \ assets.$

Long-lived assets, consisting primarily of tangible fixed assets, comprise a portion of the total assets. The annual depreciation charge depends primarily on the estimated useful economic lives of each type of asset and estimates of residual values. The directors regularly review these asset useful economic lives and change them as necessary to reflect current thinking on remaining lives in light of prospective economic utilisation and physical condition of the assets concerned. Changes in asset useful lives can have a significant impact on depreciation and amortisation charges for the period. Detail of the useful economic lives is included in the accounting policies.

(b) Expenditure

Front ended costs specifically incurred in relation to certain ongoing fundraising activities are deferred when their recoverability can be assessed with reasonable certainty. The directors regularly review this expenditure to ensure that the income receivable generated by these front ended costs will, or is likely to, exceed the expenditure incurred.

4. Presentation of Information

4 (a) Expenditure on Raising Funds

In 2015 and 2014, the salaries of staff involved in fundraising events on a full time basis were included in fund-raising activities.

4 (b) Expenditure on Charitable Activities

In 2015 and 2014, the salaries of staff involved in charitable activities, management & administration and governance activites were apportioned across those three expenditure categories on a reasonable, justifiable and consistent basis.

Governance costs are defined as costs relating to the general running of the charity as an entity as opposed to the direct management functions inherent in generating funds and include audit and accountancy fees, company secretary fees, legal fees and professional fees.
